

# Digitize the Long Term Care Claims Process With LTC Now

## A Single Platform to Avoid The Chaos

Traditional LTC is stuck in the status quo with a focus on risk mitigation and improving customer interaction. With Wellcove's future-focused LTC Now, clients experience utilization of data to improve outcomes, automation to reduce turnaround times, and truly eliminating the need for customers to babysit their claims process.

### Let LTC Now Transform Your Operations

**Deliver on your commitments to premium paying members—Now!**

**Get claim reimbursements out to stakeholders—Now!**

**Make critical decisions from relevant data—Now!**

### Powered by Advanced Technology

#### Endless Scalable Possibilities

LTC Now provides:

- Policy Management
- Accurate, Timely Re-Rate Administration
- Premium Collection
- Claims Management Expertise
- Provider Credentialing
- Digital Plans of Care

#### Promising Data-Driven Efficiency

LTC Now's digital transformation shifts from outdated paper processes to a data-centric approach, enabling quicker benefit access and better management of policyholder needs.

### Our Clients Experience

Claim reimbursements in 8 days or less

Structured data from eligibility assessments

Direct-from-provider digital invoice submissions for home care and facilities

### Say Goodbye to Outdated LTC Systems

Ready to experience the power of automation, the reliability of data-driven processes, and a commitment to customer satisfaction?

### Expect Real Results

#### Exceptional Accuracy and Speed

LTC Now turns paper-based processes into digital data, significantly reducing errors and processing times.

#### Speedy Claims Processing

Our automated system processes 95% of claims in 8 days or less, compared to the industry standard of 15.

#### Reduced Operational Burden

LTC Now minimizes status update calls and provides timely payments, improving the customer experience.
