

Wellcove AssuriCare Solutions Portfolio

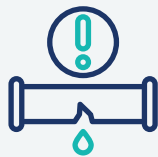

Behind every long term care claim is someone counting on the care they were promised and a family trusting it will be there. Your team needs to know that care was delivered, and that payments reflect the services received.

For more than 10 years, Wellcove's AssuriCare Solutions have given long term care insurers greater visibility into those moments, helping improve claims accuracy and efficiency while reducing fraud, waste, and abuse.

\$3.1M Fraud, Waste & Abuse Eliminated for One Client in 18 Months

Electronic Visit Verification (EVV) Verification of Home Care Services

- Verify caregiver location and activity with GPS-enabled technology
- Flag unusual billing and visit activity
- Automate visit and invoice validation to reduce manual work
- Give policyholders and families visibility into caregiver activity

5%–16%

**Potential Claims
Leakage Identified**

Facility Itemization & Verification More Accurate and Timely Facility Invoices

- Standardize and itemize invoices for easier review
- Identify potential fraud, abuse, and overbilling
